NFRS Pension Board meeting NOTES AND ACTION LOG –24th October 2024

Attendees: Paul Bullen (PB); Nick Alexander (NA); Vaughan Ashcroft (VA); Nikki Watson (NW); Aiden Philips (AP); Don Crook (DC); Cat Moule (CM); Helen Scargill (HS); Kate Osborne (KO);

	Issue	Actions	Comments
1	Welcome and Apologies for non- attendance		Apologies; Simon Tuhill (ST); Helen Scargill (HS)
			Welcome; Paul Bullen Chair, Don Crook (DC); Matthew Mott (MM)
2	Declarations of Interests		
3	Meetings and Action log 18 th July		 NA shared slides – NA to recirculate NA – Training options – NA to chase this up to find independent and appropriate training. Risk as training – HS send another risk register as best practise. Also to better understand the information members are receiving. MM – annual benefits statement training possible. MM to discuss with HS or David Parrington. KO action – separate action log CM – yes online pension sign up action complete HS – email Stuart – unknown. – MM to follow up AP – promote training events – ongoing with union partners CM – opt in or out – further work to review 12 month figures. 1 or 2 per month opting out. May change with auto enrolment from Jan. – CM to report next board post Jan CM – survey response – national – Yes responded. Agenda plan updated AP – recruitment discussions – Jim Dorrill meeting regarding recruitment. This has not taken place due to illness. CF
4	WYPF Monthly Report – October 2024		 General updates – MM Monthly returns are up to date which is good. Annual benefit statements – not as good as hoped. Active members have produced those who are not in scope for remedy. Those in scope have not received due to software development delays. Reported to regulator as a breach. Not ideal. Working with partners to resolve. But no material update Pension saving statements out of scope have been delay in usual way. Are some we aren't aware of or never had breaches we cannot provide

 Re-request payroll information for pensions saving statement for members. LGA – traffic light – started processing with green category. Some have gone out to members. Working to clear outstanding Matthews – processes a number of these cases (June July and September reports contain this information) CCOP – fairly sure compliant. Compliant with code 14 cannot see why wouldn't still be compliant. Few amber which will be examined to improve offer – but no concern. We meet with code Employer training sessions have been held and running through October Pre-retirement seminars have been out to infinity protect. Website has changed and updated – there are some recalls. Please give feedback to WYPF around this Client meeting updates – RMC offsetting guidance – administration forum 14th Sept. – working progress LGA – asking GAD for proformas GAD providing further calculator on other things KPIs form part of monthly report – there are some Q2 that haven't been met. August – 2 not met. Clarification given on death in requirement processes.
 expected. NA – concerned about the impact on NCFRA and fire fighters feelings and opinions of WYPF. National Fraud Initiative – interested in contacting about abatements? – Action – MM – process around estimates needs looking at Action – MM – contact at WYPF regarding abatements AP – June leaving – January onwards eligible to leave – modified buy back not resolved. These issues are impacting fire fighters – NW – has been contacted by induvial planning to retire in feb – hasn't received figures? When might people be notified when they will receive figures? – NW – number of people awaiting tax liability re: pension? – MM – majority have been done

5		 or will have been done by end October – those higher earners will have breaches. Likely to receive this month. MM – if you do have number concerned please let MM know and they will examine WYPF position. On both retirement estimates and tax liability. NA are we safe to assume anyone with a tax charge this year they will receive notification by end 2024. MM – let MM know and they will look into this. ACTION – send MM list of names to examine DC – work in progress from previous reports. Where are previous reports? – ACTION KO to send Don previous reports. DC – transferred into Northants fire. Been with service since August 2023. Pension has disappeared from old provider but now no longer appears with WYPF. Causing nervousness. Want to understand this is being recognised? – MM – understand this nervousness. WYPF and previous FRA will still hold this record. MM take note and will look into this. CM – any requirements that I receive where they are confirmed the retirement notification is done – PSS communication is in place. CM – once an official retirement has come through we do put declarations in and obtain data as quickly as possible. If anyone is unsure about state please speak to CM. MM – this would be appreciated. CM – trying to implement a new process of notification and communication with fire colleagues requesting estimates.
5	Update on any breaches	 Mentioned above. NA – no breaches beyond this issuing of statement. There has been a notification to pensions scheme regulator about this. it will also be included in NFRA return.
6	IDPRS	Internal Dispute Resolution Process MM – nothing aware of in this regard. No new cases NA – nothing from NA perspective.
7	Compliance with the Pensions Regulation and Code of Practise	 NA – confirm beyond the statutory report we are in accordance with our procedures and guidance. We still expect to meet the statutory deadlines on march 31st. Anything that is likely to put members in financial detriment will be raised with the board.
8	Risk Register	 NA – shared risk register – will circulate after meeting Feedback from previous meeting is understatement of inaccurate data – agreed we would look at failure to deliver year end pension statements Position now – failure – has come around. Reality is we have mitigations in place and do have ability to deliver RSS before 31/03 Continue to support WYPF prioritise items.

		 The mor we are able to feed through CM around requests the more ability we will have to hold WYPF in account. Keep CM in loop!!! RSS – put up to 12 because we have until 31st March to deliver – on both red and amber risk there is the risk around accuracy of data provided to WYPF. (in relation to data through third part – West Northants). Mitigations – to arrange specific client meeting to ensure accuracy and clarity of information being sent to WYPF is there – ACTION. MM & NA & CM – to include dashboard data Other Risks have broadly remained unchanged. MM – re-enrolment – discussions with LGA – not fire specific – there might be questions asked around numbers of opt outs? – raise awareness to Board.
9	Annual Benefits Statement	 Those out of scope 100% complete MM can get numbers and figures for next meeting – December NA would appreciate numbers in advance of December Pension Board. ACTION – MM – identify issues in preparation for December meeting so we know which colleagues will need additional support.
10	Data improvement plan	 NA – information requested from West Northants but only have half the data. NA – now need to move into operation al focus As we don't have all the data it is difficult to give an update ACTION – CF this item into December Board.
11	Communications update	 CM has sent out a number of communications. Have had all national updates published on fireplace. Actively contacting members due for retirements and number of communications around Mathews case. There was a minor data breach for Matthews – 7 members letters were sent to the wrong address and name (mix up). Response from a few after requesting destruction. CM and NA have discussed changes and improvements to avoid future issues around this Matthews – now trying to get to a calculation point so there will be communications around individual impact. Likely calculations will baseline on national average. Average Contributions Assumption CM – pending comms around pension savings statements, process and timelines. NA – is there anything in addition that the board would like communicating?? PB – is it worth having a comms plan? – NA there was previously but it was superseded by changes. CM and NA to look at previous plan and update PB – data breach – reported to DPO? - NA YES

12	Pension Board Training Session		 Pending NA – if any members would like specific training please speak to NA!! NA – share previous training slides to DC – tasked to Julie James.
13	Agenda plan		- Data improvement plan to move to December
14	AOB		- NA – to confirm we need to hold December meeting – MM to confirm there will be someone to attend as it is required.
12	Confidential items – any	Chair

1.Completed processes

1 to 31 October 2024						
Work Type	Total Cases	Target days for each case	Target met cases	Minimum Target Met	Target met percent	Average time taken
Change of Address	3	20	3	85	100	2
Deferred Benefits Into Payment Quote	1	35	0	85	0	50
Deferred Benefits Set Up on Leaving	2	20	0	85	0	174
NI adjustment to Pension at State Pension Age	1	20	1	85	100	18
Pension Estimate	2	10	1	90	50	34
Pension Set Up/Payment of Lump Sum	1	3	1	85	100	2
Retirement Actual	1	10	1	90	100	3
Transfer In Quote	1	35	1	85	100	26
Monthly Pension	469	Pay date	469	100	100	

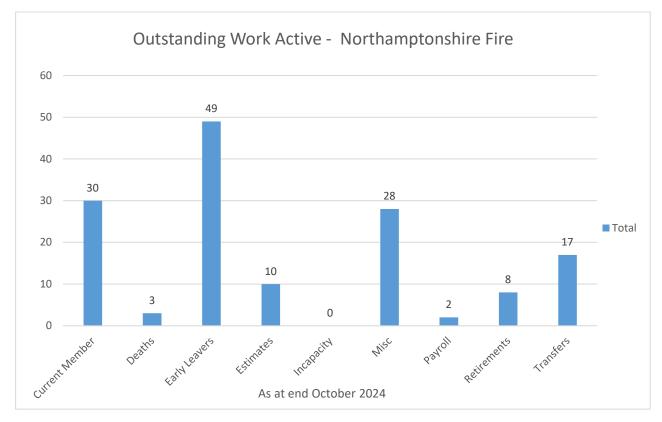

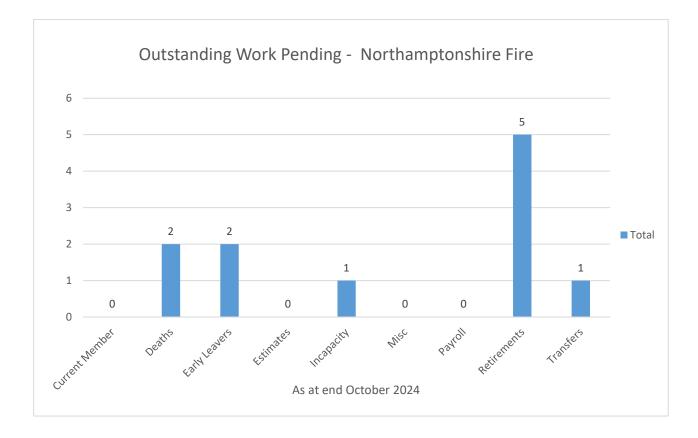

Deferred Benefits Into Payment Quote did not meet as there was an ingoing query with the FRA regarding the members pay.

Deferred Benefits Set Up on Leaving did not meet due to the records awaiting CARE revaluation, however, the members did receive confirmation within 2 months of WYPF receiving the leaver information that they have a deferred benefit. This meets the statutory requirements

Pension Estimate did not meet because of high volumes, estimates are taking around 8 weeks to process. Estimates with an intended retirement date of 3 months or more in the future are not processed until the more urgent estimates with a retirement date within 3 months have been completed. We are discussing ways in which we can improve the performance in this area.

2. Work in Progress

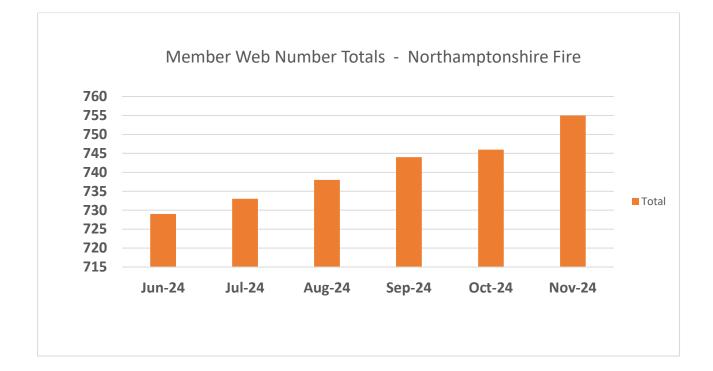

3. Member Web Registrations

The number of members signed up to member web are:

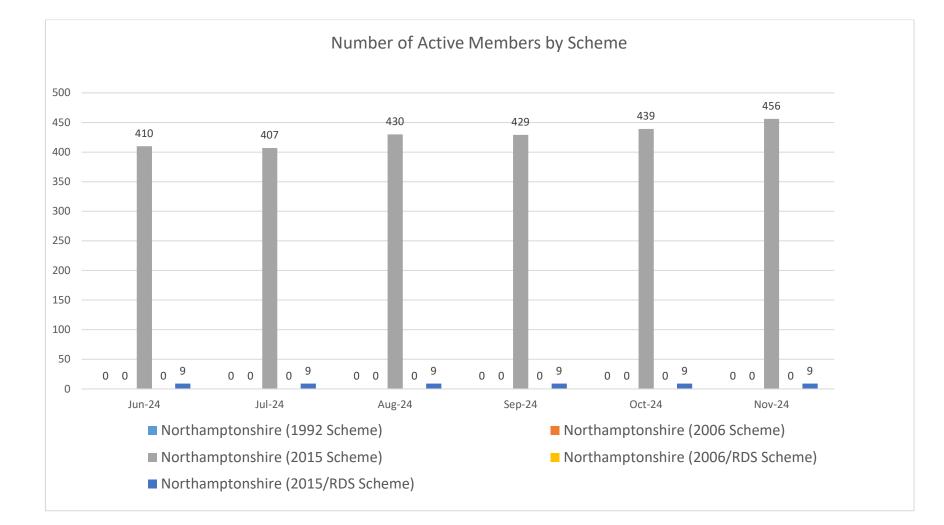

Status	Number
Active	293
Pensioner	271
Pensioner Ex-Spouse	0

Northamptonshire (2015/RDS Scheme)	9	0	0	0	0	0

5. Administration Update

Annual Scheme Return

We are currently unable to complete your scheme return as we are still waiting for you to confirm that we hold the correct details for your pension board.

Our technical service manager Tracy Weaver has issued an email to you requesting the data and a subsequent reminder on 11th November 2024.

It is your legal responsibility to ensure the return is completed and submitted by 22 November 2024. However, we are unable to do this for you until we have received a reply to the emails. Please could you respond as soon as possible to Tracy - <u>tracy.weaver@wypf.org.uk</u>

Age Discrimination Remedy – Immediate Choice members (red cases)

In Bulletin 86 LGA have said "Local Pension Boards are encouraged to monitor the production of remediable service statements as part of their regular updates"

The issue is that even if FRAs agree to process the 'red' cases WYPF are still not in a position to do the calculations. This is because of our current understanding below:

No pensions administrator has been able to work through the HMRC guidance in their newsletter.

Both GAD and SPPA believe there are gaps in the guidance produced by HMRC and these issues are to be raised with HMRC shortly

One administrator has produced a simplified calculator which GAD Have agreed to look at and check if it produces the same results as the SPPA calculator. If it does that GAD and Home Office have agreed to provide guidance ad calculation examples for the standard cases WYPF have agreed to send GAD examples of some non-standard cases and these will be used

to check against the HMRC guidance and any further gaps highlighted

We are also awaiting the interest calculator from GAD which is needed for the re-assessment of the original unauthorised lump sum tax charge

We also don't how long it will take GAD to supply what we need but suspect it will be a number of weeks before WYPF have all the information required to process these red cases.

Age Discrimination Remedy – Immediate Choice members (green cases)

Wypf are continuing to work through the green cases, but these are manual calculations which take time to process. We hope to have the majority completed in the next for weeks

Valuation

WYPF is not in a position to provide scheme data post rollback. We have, therefore, been discussing the matter with LGA and GAD and they have provided the following information.

GAD's position is that we:

Need data in the new specification format.

Would strongly prefer to have the Fire England funds' (stock) extracts this calendar year and ideally by 1 December.

Are prepared to received extracts prior to McCloud rollback.

Are content to receive movement data by close Feb.

Want to receive clarifications/small supplements on data (e.g. any emerging cross cutting issues)

Do not want to receive multiple data extracts (e.g., pre-roll back this year, further post-rollback stock data extract(s) next year)

19

Reasons

Given present and future work pressures at both administrator and GAD, we are very keen to avoid multiple data extracts. We are aware that administrators are currently busy are likely to remain so (March deadline for McCloud RSSs if not issued previously, dashboard

implementation work, etc). Similarly GAD are producing valuations for all major public service schemes between 2024 and 2027.

To have results in time for scrutiny and implementation by April 2027 it is essential that we start processing stock data on time (Movement data processing is dependent stock data processing and so can start later).

Not knowing the outcome of rollback will add some uncertainty to the value of liabilities. However, the speed of progress of the Matthews remedy means that Matthews is likely to a larger source of uncertainty than McCloud (even if we do not have McCloud rollback data for the 2024 valuation).

We are to engaging with the Fire auditor community to manage annual financial reporting expectations – but there remains a possibility that auditors raise concerns if fire authorities prepare 2024/25 financial disclosures using data collected as part of the 2020 valuation.

WYPF have confirmed the valuation data extract will be provided pre rollback and our intention is to provide them by 1 December. However, considering the delay to the valuation exercise due to ongoing conversations with GAD and the numbers of FRAS we provide data for, some extracts may be provided by 31 December.

WYPF have commenced the valuation exercise.

Contact for valuation purposes - Omaira.Dean@wypf.org.uk

Meeting with SAB

WYPF are meeting with the SAB in December. We will provide an update on ABS-RSS, IC Red Cases and Valuation

SAB RSS Reporting

The SAB has contacted FRAs with regards to RSS output. FRAs will not be able to provide this information without assistance from WYPF. We were not expecting such as request, there was no advance warning or communication, and consequently WYPF do not have the necessary reports to comply with it.

We are treating this request as a priority and discussing with IT the possibility of developing reports. If it is possible to develop reports we hope to have data for you by the end of November. If it is not possible we will notify all FRAs as soon as we know.

Matthews

As more clients move through the Matthews process, it is a good opportunity to remind you of our guidance as follows.

If you have cases that you wish to send to us, please can you forward the required documents by email to **both** the WYPF main email <u>pensions@wypf.org.uk</u> and our new Matthews project email address <u>Matthews@wypf.org.uk</u>

If you have a specific Matthews query, please email Laura directly at laura.taylorson@wypf.org.uk

Format of the Emails – this will help us to index the emails more easily.

In the Subject: Matthews: FRA Name: Member Number if already set up on UPM: Status of the case to process – i.e. Active, Deferred, Pensioner

In the body of the email please can you give us a brief description of what is happening with this member for example:

Active member record to be updated due to Matthews in preparation for retirement. New Special Pensioner Member – retirement from deferred no record currently set up on UPM

Documents Required:

All cases

The Individual Statement of Details sent to the member The Options Election Form A pdf copy of the calculator output with **and** without Commutation Calculated at date of election for active and deferred members.

> For pensioner members, the original calculation to match the member statement in order that we have a record of what has been sent to members by the FRA in case of query.

Pensioner Members

For pensioner members, please send the GAD Calculator output in a CSV file format – this enables us to import the data back into the GAD Calculator, amend the calculation date and apply the interest and arrears due to the date the member is paid.

First Time Pension Scheme members

If the person is **NOT** already a pension scheme member, we will need a new starter form to set up their record – this document can be found here <u>https://www.wypf.org.uk/fra-zone/fra-forms-guides-and-factsheets/</u>

Please ensure that you have verified the date of birth for all members before sending the documents to us.

Matthews Communications:

To perhaps help reduce calls to both yourself and WYPF, could we suggest when you email the above documents that you also email the member to let them know you have sent the required information. If you could also add that WYPF are dealing with a high volume of cases, we hope to process cases in 3 months and we are not in a position to acknowledge receipt of the data.

Requests for Data to complete GAD Calculator:

We have received a handful of requests for the lump sum commuted at retirement where the member now has the option to convert standard to special membership and the member left after 31/03/2015.

We have referred a query to GAD regarding the calculation of this amount and are currently waiting for a reply.

If you can make a list of the cases you require this information for and hold them at your end that would be helpful. We will then be happy to receive a list once we let you know the GAD guidance has been received.

21

Consultation on inheritance tax on pensions

The Government has launched a <u>consultation on Inheritance tax on pensions: liability, reporting</u> <u>and payment</u>. The proposed changes would mean that:

Death grants would be subject to Inheritance Tax from April 2027

Personal representatives would calculate whether any Inheritance Tax was due, and pass on the relevant information to the pension scheme administrator Pension Schemes would be responsible for paying and reporting to HMRC any Inheritance

Tax deducted from a death grant.

This consultation closes on 22 January 2025.

Children's Pensions and Apprenticeships

At the last Fire Technical meeting there was a decision made that the Apprentice and apprenticeships meets the definition of a vocational course because they've got to do a minimum of 20% of the job whilst in training and both LGA NPCC and the Home Office all agree that an apprenticeship is a vocational course, and that the child is entitled to receive their children's pension.

WYPF are proposing to adopt this but because FRAs are the scheme managers, you need to agree this decision.

Action – FRA to contact Helen Scargill at WYPF if you do not want WYPF to make this change. If you do not get in touch then this will be taken as your agreement to our proposal.

6. Communication & Training

Employer Engagement

The remaining Autumn 2024 series of employer training webinars have now been completed and work will shortly commence on our next set of session. If there is anything specific you would like us to cover, please let David Parrington know.

Member Engagement

Affinity Connect meeting are continuing with dates for upcoming sessions, this will include an additional date due to demand on the 18th December 2024.

Event Date	Event Category
26 November 2024	Online Seminar
17 December 2024	Online Seminar
18 December 2024	Online Seminar

These sessions can be booked via our website here

Staff Update

Two Pensions Officers have recently been recruited and joined Team Fire on a full time, permanent basis. Leon Donoghue joined us on 23rd September and Haleema Khan joined us on 28th October.

7. Member Update

None

8. IT Update

TPR Dashboard Readiness Survey

WYPF have received many queries about the TPR survey.

Clearly much of the information requested by TPR is unknown to FRAs, therefore, we have produced a template of correct answers based on our current understanding for each FRA to submit to TPR.

Some of the questions (about DC) are not relevant for FPS, if you can complete the survey without answering them , great. If not, any of the answers will do – they are all wrong! An apology – we gave you the wrong answer for the AVC question – you're all aware that there are not any for the FPS!

We have been asked about submitting a survey for all three schemes.

We've taken an overarching approach that the survey focus is about Dashboards and not about scheme specifics.

We have contacted TPR to seek further clarity but as yet we have not had a response. If we receive further information we will share with all FRAs

Each FRA should have received their survey on Thursday 14 or Friday 15 November. If you have any questions please contact Matt Mott

Connection to the Dashboard ecosystem

WYPF are also working on further information for FRAs to consider, such as matching criteria and registering for the Dashboard ecosystem.

It is our understanding FRAs as scheme manager will have to formally agree the matching criteria and nominate WYPF to deliver Dashboard requirements on their behalf.

We hope to provide this information next month and on receipt FRAs may wish to discuss it at their Pension Board meetings and consider adding Pension Dashboards to their risk register.

10. Overriding Disclosure Time Limits

Disclosure Requirement	Time Limit	Number of breaches in month
Material alterations to basic scheme information	Within 3 months of the change taking effect	0
Transfer Credits (quote)	Within 2 months	0
Annual Benefit Statements	By 31 August each year	Breach for in scope scheme members
Annual Benefit Statement (upon request)	Within 2 months of request, if not already provided within previous 12 months	0
Deferred Benefit Statements	By 31 August each year	Breach for in scope scheme members
Deferred Benefit Statement (upon request)	Within 2 months of request, if not already provided within previous 12 months	0
Pension Savings Statements	By 6 October each year	0
Cash Equivalent Transfer Value Out	Within 3 months of request	0
Accessing Benefits before Normal Pension Age	2 month of benefits becoming payable	0
Accessing Benefits on or after Normal Pension Age	1 month of benefits becoming payable	0
Notification of Deferred Benefit entitlement	2 months of being notified of leaver	0

Divorce Time limits

Type of request	Time limit	Number of breaches in month
Request for divorce information only.	3 months from receipt of the request.	0
Request for divorce information where you are notified that the information is required in connection with divorce proceedings that have already commenced.	6 weeks from receipt of the request.	0
Request for divorce information where a Court Order imposes a deadline.	Within the deadline specified by the Court.	0
Request for divorce information where you are notified that a Pension Sharing Order may be issued.	Within 21 days of receiving notification that a Pension Sharing Order may be issued or a date outside 21 days as specified by the Court.	0
Where the request is for information which does not include a Cash Equivalent Transfer Value	1 month from receipt of the request.	0
Pension Sharing Order received but some information* and/or charges are still outstanding.	A letter to both parties needs to be sent out within 21 days of receiving the Order to explain the Order cannot be implemented and request the missing information and/or charges.	0
Pension Sharing Order received including all relevant information* and charges.	A letter** must be sent to both parties within 21 days of the start of the implementation period notifying them of the deadline.	0
Pension Sharing Order Received including all relevant information and charges.	4 months to implement the Order of the date of receipt of the final information which allows calculation	0
PSO has been implemented.	A letter* must be sent to both parties within 21 days of implementing the PSO to notify both parties their entitlement.	0

12. Regulations/Fire Scheme Update

Please take a few minutes to read the Firefighters' Pension (England) Scheme Advisory Board Bulletin (Link to Bulletin below) and take any action required. <u>FPS Bulletin</u>

Some key issues to highlight:

FPS

Age Discrimination Remedy – Immediate Choice Remediable Service Statement (IC-RSS) rollout

In <u>FPS Bulletin 85 – September 2024</u> we informed readers of <u>HMRC's Public Service</u> <u>Pensions Remedy Newsletter</u>, including <u>Appendix B</u> which set out the offsetting guidance for the unauthorised payment charge that is to be used for IC members who previously received an unauthorised payment.

We also provided details of a joint roundtable discussion with scheme managers and administrators, the slides of which are available on our Coffee Morning section of the <u>FPS</u> regulations and guidance website.

Further to this on 4 October 2024, we <u>emailed</u> scheme managers to provide a briefing paper requesting approval for administrators to commence processing red IC-RSS cases ahead of HMRC legislation coming into force.

At our administrators forum on 14 October 2024, we made administrators aware of the majority position of scheme managers, and we discussed the offsetting guidance and whether there were any gaps that had been identified.

We took away the comments and where appropriate we will come back with additional information/guidance. This should not however stop administrators from commencing processing red cases unless their clients have instructed otherwise.

ACTIONS: Scheme managers should ensure that they update their administrators should their position change. Administrators should ensure that they have read the offsetting guidance and unless otherwise instructed by their client, should commence processing red cases.

WYPF - Please see admin update

Age Discrimination Remedy – Immediate Choice Protected members

Following a recent query, we wanted to reiterate the legal requirement for sending a Remediable Service Statement to all eligible members under remedy. Whilst a member may be better off financially by being in the legacy scheme for the remedy period, there are other reasons why they may choose the reformed scheme instead, and it is their right to make that decision.

As a reminder in <u>FPS Bulletin 77 – January 2024</u> we published a <u>remediable service</u> <u>statement factsheet</u> and in <u>FPS bulletin 81 – May 2024</u> we published a <u>statutory deadline</u> <u>factsheet</u> to provide you with the relevant requirements that a scheme manager needs to adhere to when producing a remediable service statement

ACTIONS: Scheme managers should ensure that their administrators are producing a remediable service statement for all eligible members for remedy. Administrators should ensure that they are adhering to the legislative requirements for producing a remediable

service statement for all eligible members. Local Pension Boards are encouraged to monitor the production of remediable service statements as part of their regular updates

Firefighters Pension Scheme Valuation 2024 - GAD data request

As set out on page 6 of the FPS Bulletin 84 – August 2024, GAD is now:

• launching their spreadsheet tool to allow Fire and Rescue Authorities to validate their valuation data extracts prior to submission

• sharing details of how to submit your valuation data via a secure data transfer portal for each FRA or administrator.

GAD is collecting this data primarily for the purposes of the 31 March 2024 valuation. However, at the request of responsible government and devolved government departments GAD may also use the data provided for other purposes connected to the operation of the Scheme and the development of policy within government. GAD's privacy notice can be found <u>here</u>. If you have any concerns about our use of the 2024 data, please get in touch with GAD: <u>Fire.2020Valuation@gad.gov.uk</u>.

Process to follow

- Action required: Please identify the most appropriate contact(s) to receive the tool and upload your data once ready, and send the following information to Fire.2020Valuation@gad.gov.uk:
 - The email address of the preferred contact
 - The FRA(s) on behalf of which they will be submitting data

2. GAD will then send this email address an invite to a secure folder through a system called Egress. Please make the preferred contact aware that this invitation can sometimes find its way into spam / junk folders.

3. Within the secure folder, users will find the Fire valuation data specification, the Fire valuation data checker tool and the accompanying data checker tool user guide. The valuation data tool can then be downloaded and populated.

4. Once the tool is populated and any flagged issues have been worked through, please upload the populated tool into the same Egress folder no later than 1 December 2024. The Egress system ensures secure data transfer – the folder will only be accessible to GAD and the email address(es) provided. GAD's data team will also ensure any personal data received is encrypted before use.

5. To help us form a more complete picture of each FRA fund's membership please also complete the short data questionnaire sections.

As a reminder, the 1 December deadline applies to "Data ..." tables covering the status of scheme members as at 31 March 2024. Tables covering changes in member status since the 2020 valuation extract ("movement data") are required to be provided by February 2025. Shortly after 31 March 2025 GAD will ask FRAs to provide their compiled data in respect of positive elections under the Matthews second options exercise. (The request to compile data on positive Matthews elections was first raised in FPS Bulletin 75, page 6.)

GAD will also be providing this information directly to FRAs and administrators via email.

ACTION: Administrators should follow GAD's process to follow to meet the 1 December 2024 deadline.

WYPF: We have been in discussion with GAD about receiving data pre rollback. GAD have agreed to this and have agreed to accept data ideally by 1 December but no later than 31 December.

SAB

Age Discrimination Remedy – request for data

The Scheme Advisory Board is keen to have oversight of the production of Remediable Service Statements (RSS), particularly in the run up to 31 March 2025.

We will now therefore be requesting monthly information relating to how many RSS' have been issued to members.

The scheme manager for each FRA will need to work with their administrator to collate this information.

Please therefore populate the <u>RSS spreadsheet</u> and return to <u>bluelightpensions@local.gov.uk</u> by 30 November 2024.

ACTION: WYPF are looking at developing internal reports to meet the request by SAB. We will confirm if this is possible in the next few weeks. In any event WYPF are not able to submit this data to SAB on behalf of FRAs.

Other News and Updates

Pensions Dashboards readiness survey

As part of TPR's dashboards communications approach, they will be sending all scheme managers two surveys at key points in their journey to their 'connect by' date, as set in DWP's guidance.

The surveys will be sent to Public Service Pension Schemes in the month following their second and third 'nudge' communications – and therefore all PSPS schemes can expect to receive the first survey in November. It is important that schemes complete and submit the surveys, which are anonymous, as they provide TPR with useful insights into industry readiness, and where any gaps in awareness and 22 Click here to return to Contents understanding may lie, in order to inform their approach.

WYPF: We understand these surveys are currently being received by FRAs. WYPF cannot submit responses on your behalf but we are producing a template of survey answers and will provide this to FRAs in the next week or two.

Events

Local Pension Board (LPB) Training Sessions

We are also pleased to release our 2025 dates as follows:

- Thursday 23 January 2025 10:00 14:00 (MS Teams) (Fully booked)
- Tuesday 25 March 2025 10:00 14:00 (MS Teams) (Fully booked)
- Monday 16 June 2025 13:00 17:00 (MS Teams) (Fully booked)
- Wednesday 17 September 2025 11:00 15:30 (in person 18 Smith Square)
- Thursday 22 January 2026 10:00 14:00 (MS Teams)

Attendees will hear from a range of speakers including:

LGA – to provide an overview of the FPS scheme(s) and current pension related hot topics e.g. Matthews and McCloud

SAB (England) Chair – to give an introduction and overview of the work that SAB are involved in.

Fire LPB Effectiveness Committee Chair – to provide input on LPB effectiveness and what the committee have been working on.

The Pensions Regulator – to provide an update on the Administration and Governance survey and how the results relate to Fire, as well as covering the importance of the Public Sector Pensions toolkit and any current developments e.g. the General Code. The Pensions

Dashboard Programme (PDP)/ The Pensions Regulator (TPR) – to provide an update on the programme and requirements on scheme managers/to provide detail of the tools that scheme managers can use to help them prepare for dashboards e.g. checklists.

To book:

Please email <u>bluelightpensions@local.gov.uk</u> for the MS Teams sessions and we will announce when the booking link goes live for the in-person session at the LGA offices, 18 Smith Square, Westminster, SW1P 3HZ.

ACTION: Readers are asked to make their LPB members aware of the training sessions and encourage them to book onto a session.

FPS coffee mornings

Our MS Teams coffee mornings are continuing in October 2024. The informal sessions lasting up to an hour allow practitioners to catch up with colleagues and hear a brief update on FPS issues from the LGA Bluelight team.

On 26 November 2024 we will be joined by Home Office to discuss their workplan for the coming 12 months.

We are pleased to include the presentations from recent sessions below:

3 October 2024 – Unauthorised payments process for offsetting

22 October 2024 - Matthews update

If you do not already receive the meeting invitations and would like to join us, please email <u>bluelightpensions@local.gov.uk</u>. Please note that attendance at the coffee mornings is generally restricted to FPS practitioners and managers

Pension Data Improvement Plan

Author: Nick Alexander Decision required: Date: December 2024 Version: 1 Security Classification

Purpose of report

To inform the board of the details of the improvement plan for NCFRA.

Scheme data

As a pension trustee or someone who runs a public service scheme we should ensure that our administrators (defined as WYPF) have effective processes for maintaining data. we should also continually improve the data our scheme holds.

This involves reviewing data, deciding how you're going to improve it and agreeing improvement plans.

Work with the scheme administrators and the employer to improve our processes, using them to fix any errors that we find.

Data improvement plans

All pension schemes collect and hold large amounts of data which changes on a regular basis. It is therefore likely that there will be issues with missing or inaccurate data from time to time.

We are required to report the data quality at least once a year (as part of the pension regulator return).

If we find any issues we should put an improvement plan in place to address them. our administrator should be able to help we design an improvement plan, or assess the one we currently have in place.

We will then set out any the steps you're taking to improve our scheme data.

This is likely to include

- > NI data for dependent pensions
- > Data that has not been updated in over a number of years
- Data that doesn't align to 'standard' principles, ie an overseas address not matching the standard principles

42

Objectives

- Addressing data issues which impair our ability to run our scheme effectively: paying benefits correctly, processing core transactions, ensuring a high standard of service for members, keeping costs manageable or meeting legal obligations (may be identified using our annual data review, an audit or the valuation process)
- Improving members' experiences, such as providing them with online access to their records
- Improving employer confidence in the assessment of liabilities and the appropriateness of their contributions and recovery plans
- Improving data ahead of a risk-reduction or a liability-management exercise
- Improving the transfer of data between the payroll team and WYPF

The administrator's role in the management of data

During this process we will seek to

- To help to identify the issue that need to be addressed
- The method to be used for identifying this, for example member address tracing or researching company employment records
- Who is doing the work and how long it will take
- Any assumptions made, for example the number of records likely to need work, which members are covered and how errors will be fixed how we will know the task has been achieved

The employers (when not acting as the administrator) role in the management of data

During this process we will seek to

- To provide timely and complete data to the administrator
- To review and compare local data to that held by the administrator
- To regularly survey their employees around the quality of information we hold for them and to correct errors that are found

Lessons learnt

- We will learn the lessons of the past, it is not acceptable to understand the risks and issues that have occurred and to not seek to address those as part of a data improvement plan; &
- To engage with stakeholders to consider end user experiences.
- To use the experience of the pension administrator and best practise across the sector

Dependencies with other work

We will clearly identify any other work which might influence our improvement work.

- Member communication exercises
- Guaranteed minimum pension reconciliation and equalisation
- Year-end reconciliation
- Negotiating an administration contract
- Proposed scheme structure changes
- Sergeant and Matthews remedy cases

Timeline for the plan

The plan must have a defined start and end date. Given how complex this is and the amount of work this will take, this is planned to commence from in 202/25 and finalising before the commencement of the Sergeant ruling to ensure that data is considered before this major exercise.

Resources

We will require staff to complete this between both the administrators and therefore we will need to ensure that the timeframe is reasonable with both. We will also require;

- Employers providing member information, employment and contribution history
- HMRC National Insurance numbers
- Members dates of birth, email addresses
- Tracing companies address checks, existence checks
- Advisers, such as actuaries or lawyers

Outcomes

Outcomes are expected to include:

- Improved member service, for example fewer member complaints and reduced processing times for events such as transfers
- Improved administrator data
- Updated and documented procedures which reduce the risks of errors recurring
- Improved data scores, which we should retest once you've cleaned the data to show progress

Roles and responsibilities

The board will need to have oversight of progress and the output of the work delivered.

Understanding that it is not be possible to have 'perfect' data, and items such as common data may not be available and scores such as this will never be 100%.

We need to have an agreement on how the outcomes will be reported to the board on both

- Progress and
- > Outcomes.

Deliver a data improvement plan

Factors we should consider include:

Data type	Personal information, which will improve our ability to communicate with members
	Specific data item which is a frequent cause of complaints
Member type	Pensions in payment first
or profile	How close members are to retirement
Data source	Largest employer first (in a multi-employer scheme)
Scheme event	The data we need for certain scheme events such as issuing
Scheme event	benefit statements or valuations
Return on investment	Issues which have the greatest impact on running costs
Technical solution	Bulk automated resolution
Quick wins	Known data issues which are relatively easy to fix

Ongoing data improvement

Improving data should be a continuous process, not a one-off exercise, therefore we will plan annual reviews of all of the data sources.

Review administrator performance

We need to ensure a robust contract with the administrator. We will review our administrator's performance against the contract on a regular basis.

Northamptonshire Firefighters' Pension Scheme

Local Pension Board

AGENDA ITEM: 9

REPORT BY	Project Support Officer
SUBJECT	Northamptonshire Firefighters' Pension Scheme Local Pension Board - Agenda Plan
RECOMMENDATION	To discuss the agenda plan

1. Background

1.1The agenda plan incorporates statutory, good practice and agreed scrutiny items and has been updated to reflect the items at the March 2024 – July 2025
