

DECISION RECORD

Decision Record Number 144

This document records a decision taken by the Police, Fire and Crime Commissioner, together with details of the advice he received prior to taking the decision.

Decision taken

To agree a Single Tender Agreement to extend the contract with NDI Technologies for ConsoliData Software Support for PNC XML Interface for STORM with Schengen Extension for one year.

The software Gateway connecting to PNC is essential for the FCR and impacts other departments across the Force. The network gateway also joins the networks so devices are able to communicate with others on different networks, extracting information from them where appropriate. The gateway facilitates compatibility between devices and makes the information accessible and can be easily referred to so that the user doesn't need to log in to many different applications/devices to gain access to parts of information required.

Details of advice taken

Professional operational, financial and legal advice has been sought to ensure the decision best supports frontline operational needs and represents value for money.

A handwritten signature in blue ink, appearing to read 'Stephen Mold'.

Stephen Mold
Police, Fire and Crime Commissioner
